The Anatomy of a Hospitalist

SHM Membership Comprises the Following:

Get Involved

Make a Connection ... Make a Difference ... Make Your Mark ...

SHM strives to provide its members with meaningful engagement and networking opportunities and volunteer experiences to build their professional profile, while making a difference for their patients, their practice and the specialty as a whole.

SHM works on behalf of hospitalists across the nation to bring a unified voice to the hospital medicine movement on both the national and local levels (Chapters) as well as within groups of professionals who share special interests (Sections). As you advance your career in hospital medicine, SHM is right beside you, offering a wealth of volunteer experiences that will grow your strengths and interests, as well as help to build your résumé/Curriculum Vitae and professional profile (Professional Growth). Review the following three opportunities to get involved today:

- **Chapters** www.hospitalmedicine.org/chapters
- **Sections** www.hospitalmedicine.org/sections
- **Professional Growth** www.hospitalmedicine.org/getinvolved

Set Yourself Apart

Distinguish yourself and apply for the Fellow (FHM) or Senior Fellow (SFHM) in Hospital Medicine designation. Join more than 1,000 of your colleagues who are working to promote excellence, system innovation and quality improvement principles.

SHM offers the Fellows designation not only to physicians but also to qualified practice administrators, nurse practitioners and physician assistants, recognizing the contributions of the entire hospital-based care team.

Maximize Your Membership

SHM members receive discounted pricing on hospital medicine's most respected, engaging live meetings and events including:

SHM's Annual Meeting – the largest medical meeting focused solely on hospital medicine, offering a comprehensive array of educational and networking opportunities created expressly for the hospital medicine professional. Be a part of the hospital medicine movement each year by attending SHM's annual meeting.

Adult Hospital Medicine Boot Camp for NPs and PAs – offered once a year each fall, this highly specialized "boot camp" immerses hospital medicine clinicians in an intensive internal medicine review of commonly encountered diagnoses and diseases of the hospitalized adult patient.

Academic Hospitalist Academy (AHA) – provides academic hospitalists with the educational, scholarly and professional development skills needed to advance their careers and begin a pathway to success in academic hospital medicine. AHA is offered once a year in the fall.

SHM Leadership Academy – prepares clinicians, academicians and administrators with vital leadership skills traditionally not taught in medical school or typical residency programs, tailored specifically to hospital medicine.

Quality and Safety Educators Academy (QSEA) – provides medical educators with the knowledge and tools to integrate quality improvement and safety concepts into their curricula for both medical students and residents. Attendees will acquire a repertoire of curriculum ideas and a helpful toolkit of educational resources.

Pediatric Hospital Medicine – Join SHM, along with partners the American Academy of Pediatrics (AAP) and the Academic Pediatric Association (APA), for a unique conference addressing the issues most relevant to pediatric hospital medicine.

Future of Hospital Medicine Event Series

Help to ensure that hospital medicine remains the fastest growing medical specialty in the nation. SHM hosts a series of special events for students and residents on campuses throughout the country. These catered networking receptions feature nationally recognized hospitalists speaking on careers in hospital medicine.

Don't miss these opportunities to advance your career and network with colleagues in the hospitalist community.
